

BRIEF OVERVIEW / CAREER OBJECTIVE / SUMMARY

Seeking an entry-level position to begin my career to gain practical experience. Utilize my skills and knowledge towards the growth of the organization. A web development enthusiast interested in developing websites/web apps learn new skills and deliver my best.

KEY EXPERTISE / SKILLS

C++ C HTML CSS JavaScript(Basics) DBMS Object-Oriented Programming Java Analytical Skills Teamwork

EDUCATION

Dr. Vishwanath Karad MIT World Peace University (MIT-WPU) B. Tech. - Electronics & Communication Engineering - MIT - WPU CGPA: 8.27 / 10.00	2018 - 2022
Noble Children Academy Senior Secondary School, Jabalpur 12 th MPBSE Percentage: 78.60 / 100.00	2018
S.T Aloysius Senior Secondary School Sadar, Jabalpur 10 th CBSE Percentage: 82.72 / 100.00	2016

AWARDS AND SCHOLARSHIPS

- Received scholarship from Government Of Madhya Pradesh for excellent performance in class 12th from Physics ,Chemistry And Mathematics amounted 25000.

INTERNSHIPS

Alta Technologia Pvt. Ltd. Summer Intern Key Skills: Arduino Proteus Javascript HTML css Developed circuit diagram for health monitoring system using Arduino Fixed bugs in code for heartbeat sensor Developed working model of temperature probes with proteus wrote code for Arduino with the help of circuit diagram	March 24, 2021 - Present
CITOTO Technical Intern Key Skills: Raspberry Pi Internet of Things Firebase Working on a IOT device which can send messages, information and can upload media to the server.	July 4, 2020 - Nov. 4, 2020

PROJECTS

Symbol-Classfier Key Skills: HTML ReactJS CSS A Web App which identifies the symbol given to it as a input with the help of dictionary and useState functions in reactJS and returns the meaning/message given by the symbol . It helps the user to identify the meaning of the particular symbol he/she is looking for. Weblink: https://qgu67.csb.app/ GitHub link: https://github.com/chirag-aa/Symbol-Classfier	March 16, 2021 - March 30, 2021
Notes Taking Webapp Key Skills: HTML CSS Javascript Visual Studio Bootstrap A note taking website which enables the user to add notes delete them and display the user notes when user tries to access them again and organize them properly. This is implemented using the json functions in javascript wich is used to convert json objects to strings. The website can perform create,update and delete functions Frontend Languages used: HTML, CSS, JavaScript . GitHub link: https://github.com/chirag-aa/Notes-Taking-Website	March 2, 2021 - March 14, 2021
Pothole And Hump Detection on Roads Using 8051 Microcontrollers Key Skills: 8051 Microcontroller Proteus Keil Digital Communication	Jan. 5, 2021 - Feb. 4, 2021

This circuit provides relevant information about the conditions of roads and can prevent damage to our vehicles. An ultrasonic sensor is used to identify potholes and humps and also measure their depth and height, as soon as the pothole is detected a message is displayed on the LCD and GSM module sends an SMS to the driver as well as the concerned authority.

ASSESSMENTS / CERTIFICATIONS

Python for everybody from Coursera

Aggregate: 77.0 / 100.0

Learnt about python programming language it's data types flexibility of python and use of python in technology domain.

CO-CURRICULAR ACTIVITIES

- Swayam Sidha Hackathon by AISSMS Pune (Qualified first round).
- Participated in Swadeshi Microprocessor Challenge (Hardware Challenge).

EXTRA CURRICULAR ACTIVITIES

- International MUN - delegate.
- Participated in National Engineering Olympiad.
- Participated in Lava mobile design challenge 2020.

PERSONAL INTERESTS / HOBBIES

- Playing Cricket
- Reading Self Improvement Books
- Web Surfing to learn new things
